774	10/2018	<p>That the Area 15 quarterly site selection be as follows: The final responsibility for finding suitable sites rests with the Quarterly Coordinator Committee, they will seek out the best available sites that can accommodate our needs with lowest cost being the top priority. They will bring their selections to the body for approval in alternating years beginning in October 2019 with the requirement of equaling dividing them between east and west and rotating the voting assembly from east to west. In addition to this procedure: The districts may independently present hotel bids for quarterlies by adhering to the following: Form a committee by presenting 3 names with contact information to the Quarterly Committee. Notify the Quarterly Coordinator Committee of which quarterly and what facility they intend to pursue. (this is to prevent duplication of efforts) Present the contract proposal to the Quarterly Coordinator Committee at least 30 days prior to the July quarterly for review and approval. If any districts follow this procedure and bring an approved proposal to the committee, the committee will then present those proposals to the body as an alternative to the QCC selection. The Area 15 voting body will then decide by a majority vote on which site to select. If there are multiple districts presenting proposals for one quarterly and the vote does not produce any site with a majority, (more than 50% of the total vote), between the district choices and the QCC choice then the site with the lowest count will be eliminated and another vote will take place until we have a site with a majority in favor.</p> <p>The hosting procedures remain unchanged as This information is for South Florida Area 15 Committee and Group members, and as such are confidential documents; Distribution is limited to members. 802	01/2022	District 10 moves that, going forward, Area 15 include in The Book of Motions, the background material associated with Motions presented to Area 15. District 10, Ric B Chair Background: In reviewing Area 15's Current Practices and Book of Motions the intent and context of many motions has been lost. Finding historical information from meeting minutes and members who were present when these motions were deliberated can be difficult or impossible. If passed, this motion will, hence forward, require the Current Practices Committee to include all Background submitted with any motion which is placed in the Area 15 Book of Motions. Passing this motion will increase the body's ability and ease with which their "due diligence" is accomplished. 815	07/2022	<p>All Motions that appear on the Area 15 agenda plus motions that occur at the Area 15 business meeting be included in the Area 15 minutes, Book of Motions and Book of Current Practice, if warranted. This will include all motions heard, discussed, or not discussed with a final disposition of passed (original or as amended), failed, postponed, rescinded, tabled, and withdrawn motions. Respectfully submitted Carol H. DCM District 6</p> <p>Background A: All motions with a pass/fail disposition belong in the Book of Motions. Time sensitive motions are now being referred to as requires immediate attention. These are motions. If one fails the requirements for immediate attention, it was heard, it belongs in the Book of motions. Withdrawn motions also belong in the Book of Motions. Currently per #728 they were stopped. Before this they were included. Currently both the failed immediate attention and the withdrawn motions disappear and are not recorded. Having all motions in the Book of Motions is helpful in research items when considering putting a motion into the area. It may turn out a motion may or may not already exist. Motions for the agenda at Area 15 business meetings have already been discussed in our groups, our districts, our district and area committees except for motions brought forth at the area 15 business meetings.</p>	Passed
816	07/2022	<p>That Area 15 transition from its current Azure database to Airtable, a secure, supported, and sustainable custombuilt database, to ensure ongoing access and management of Group, District, and Area information. Area Registrar will continue to manage data with District Registrars having the capability to make updates and run reports associated with their districts. One-time cost to build the database, including migration of all current Area July 24, 2022 Area 15 Panel 71 Business Meeting/Assembly Page 23 15 files, will not exceed \$3,750. Annual cost for 20 licenses – one for the Area Registrar and one for each District Registrar – will not exceed \$2,880. Ongoing support, as needed, provided by the vendor at an annual cost not to exceed \$900, will be billed on an as-needed basis. License and support costs will be part of the Area Registrar budget in subsequent years. This motion is being presented with unanimous and wholehearted support from Panel 71 District Registrars. Respectfully submitted, Donna W, Area 15 Registrar, Panel 71</p> <p>Background B: Area 15's database for management of group and trusted servant records, which dates to 2012, was progressive for its time, but has become cumbersome to use and labor-intensive to support. As the scope of the registrars' role has grown, data entry has become difficult, and the likelihood of inaccuracies has increased. These deficiencies reduce District Registrars' ability to provide accurate information for DCMs and hinders the Area Registrar's ability to enter information on groups and trusted servants in the GSO database, thus delaying timely communication to Area 15's trusted servants. Adopting a more nimble database would address these issues, while ease of use would afford more members of the fellowship the opportunity to fulfill the registrar role, encouraging inclusivity. Meanwhile, contracting with the vendor for ongoing support as necessary rather than depending on A.A. member volunteers will ensure uninterrupted database performance and smooth workflow. Sufficient funds are available.</p>	Passed

820	07/2022	<p>Motion to postpone motion below: That the Area 15 Saturday agenda at the Quarterly Assemblies alternate the time slots for the Concepts & Traditions Workshops. Starting in Panel 73 (January 2023) the Traditions Workshop will meet at 8:00am and the Concepts Workshop will meet at 11:00am. The following year (January 2024) those times will switch. This alternating will continue with each ensuing year.</p> <p>Background: Some attendees at our Quarterly Assemblies only attend one evening (Saturday) thus arriving on Saturday morning. The 8:00am time is difficult for members to attend if they are not staying Friday evening. Because of this, there are members that are not able to make the Concepts Workshop which has always met at 8:00am. By rotating the Concept's and Tradition's Workshops more members can participate and the Concepts Workshop would be more accessible. 823	07/2022	<p>I make a motion to have all standing Area Committees meet monthly via the virtual platform.</p> <p>Since Area 15 (and AA as whole) started using virtual meetings, we have capitalized on a tremendous opportunity to get together. We have overcome so many challenges of getting to meetings, making attendance inarguably easier for many and more convenient for most. The exchange of information, the progress of committee members' advances toward goals, the methodologies shared among members, the brainstorming, the teambuilding, the possible growth in numbers of participants and thus inclusiveness, and are all fantastic outcomes monthly meetings would inspire. Remote Community members would be afforded a real opportunity to participate on a regular basis, in General Service, from afar. This is groundbreaking. We can all make great use of this opportunity to serve, to carry the message, and ultimately to reach the still suffering alcoholic. Thank you, ILAS, Beth B District 14 Chair St Thomas, VI</p>	Withdrawn

835?	04/2023	<p>That South Florida Area 15 increase the amount allocated for the Area Chairperson, Treasurer, Registrar, Recording Secretary, and any newly elected Area Officers by \$300 for a total not to exceed \$1,000 each to attend on even years the Southeast Regional Forum. Submitted by Area 15 Finance Committee.</p> <p>Background: Funding started with motion 204 in 1986 at \$250 and was increased in 1990 with motion #226 to \$400. It increased again in 1996 to \$550 with motion #326. In 2001 #439 and #512 in 2004 had an increase to \$600 and lastly more than eight years ago in 2014 with motion #724 it was increased to \$700. Due to the rising costs of travel, accommodations, and food an increase is once again needed to fund our current and incoming Area Officers.</p>	Withdrawn
836	04/2023	<p>That Area 15 approve the formation of an additional Spanish Linguistic District with geographical boundaries of Pinellas, Hillsborough, Polk, Highlands, Hardee, Sarasota, Manatee and Pasco Counties in response to their request. Our Area Map will be updated to reflect the addition of District 21. Submitted by Lisa D., Chair of the Redistricting Committee on behalf of the Redistricting Committee</p> <p>Background: The redistricting committee, comprised of Alternate Delegate and District Chairs, met and unanimously agreed this would best serve our Spanish speaking Area 15 members in those counties. They have enough participation and financial support to sustain this new District. They would not negatively affect any districts in those counties by being formed. Currently the Hispanic groups have been providing the local committee services to institutions, public information, corrections, and have been meeting as a linguistic district to provide services. They provide 12 step telephone services, have a where and when and are responsible for traditions, service manual and concept workshops. They already have a \$5,000 prudent reserve to start their district (La Vina is \$2,000 and \$3,000 literature).</p>	Passed

840	04/2023	<p>Area 15 quarterly business meetings change the deadline to solidify the District vote counts from before District Reports to after all committee reports on the agenda. Submitted by Melissa B., DCM, District 2, Subdistrict</p> <p>Background: This will allow extra driving time for those that are not funded or unable due to other reasons to stay overnight to attend the Sunday morning business meeting conveniently. Every quarterly, regardless of location some segment of Area 15 servants has a long drive if we cant stay overnight, due to the vast size of our Area. This affords extra time for those people driving to get here the day of the business meeting often from hours away quite early on Sunday morning. This motion was requested by one of the GSRs in my sub-district, and I think its a fair ask that will benefit many throughout the Area and may facilitate more trusted servants ability to participate in Area Quarterlies.</p>	Failed
